CLASS MEETING SCHEDULE: MWF 10:20-11:10am in C002 Wilson
A tentative schedule can be found HERE, which includes class topics and more.

INSTRUCTOR: Blake Icabone
Office: C-526 Wells Hall
Phone: (517) 353-0844
E-mail: icaboneb@msu.edu
(preferred way to contact me).

OFFICE HOURS:
M 9-10a (in Wilson), W 2-3p (in Wells) and by appointment (please e-mail me to setup an appointment)
You are encouraged to come to my office or go to the Math Learning Center

SUPPLIES:
TEXTBOOK:
Custom MSU MTH 132 Calculus I,
Author: Stewart,

WEBWORK HOMEWORK
WebWorK Homework will be done online at http://math.msu.edu/webwork. There is a $39.95 WebWorK fee that must be paid. Instructions for payment and payment due date are available on the WebWorK website.

Initial WebWorK homework due dates can be found HERE. These due dates may be changed throughout the semester. See each assignment on the WebWorK website for its actual due date. Homework assignments submitted up to 48 hours after the 100% deadline will be worth 75%. View the WebWorK tutorial. Start working on WebWorK homework for each section immediately after that section is covered.

In addition to the WebWorK homework there are two special WebWorK assignments: The Gateway and the Prior to Drop Date Student Assessment. These two assignments are counted towards the 10% WebWorK homework grade, similar to any other WebWorK homework. However, these assignments are designed to help you determine if you should stay in MTH 132. The Gateway is open the first few weeks of class. Those scoring poorly on it should meet with an adviser and consider dropping down to a lower math class. The Prior to Drop Date Student Assessment is due just before the drop date with 100% refund. Those doing poorly on it may want to consider dropping the course.

QUIZZES AND EXAMS:
There will be twelve 10-point quiz scores throughout the semester. The two lowest quiz scores will be dropped and the remaining will be scaled to 20% of your final grade. There are no make-up quizzes. Some of the quizzes may be broken up into multiple parts, and some quizzes may have take-home portions, and some may be completely take home. (For example, one week we may have a 5-point take home quiz handed out on Monday which is due on Wednesday, and then another 5-point in-class quiz on Friday. This would constitute one quiz grade.) In particular, not all quizzes will be on Fridays. The provided tentative schedule provides only a guideline. If you are not present on a day in which a take-home quiz is assigned or due, you will forfeit that portion of the quiz score.

Exams are scheduled for Monday February 23rd and Monday April 13th from 7pm to 8:30pm. The location of the exams will be announced in class at a later date.

Grading: If you suspect a quiz or exam has been incorrectly graded please return it to your instructor within one week of receiving it back. After this no grade changes can be made.
COMMON FINAL EXAM:
The Final Exam is scheduled for: **Tuesday, May 5th, 10:00 am-12:00 pm.**
The location of the final exam will be announced in class at a later date. All students are required to take the Common Final Exam. The university has strict requirements for exceptions. The dates for the exams are fixed. The final exam is cumulative. The exam will be closed book and closed note. Note that travel is not a sufficient excuse to have an exam scheduled on a different day.

COURSE GRADING:
Your course grade will be based on:

<table>
<thead>
<tr>
<th></th>
<th>WeBWork</th>
<th>Quizzes</th>
<th>Exam 1</th>
<th>Exam 2</th>
<th>Final Exam</th>
<th>TOTAL</th>
</tr>
</thead>
<tbody>
<tr>
<td>% Grade</td>
<td>10%</td>
<td>20%</td>
<td>20%</td>
<td>20%</td>
<td>30%</td>
<td>100%</td>
</tr>
</tbody>
</table>

In addition, you must take the final examination in order to pass the course.
Final grades will be determined by:

<table>
<thead>
<tr>
<th>4.0 Grade</th>
<th>0.0</th>
<th>1.0</th>
<th>1.5</th>
<th>2.0</th>
<th>2.5</th>
<th>3.0</th>
<th>3.5</th>
<th>4.0</th>
</tr>
</thead>
<tbody>
<tr>
<td>% Grade</td>
<td>[0,55)</td>
<td>[55,60)</td>
<td>[60,65)</td>
<td>[65,73)</td>
<td>[73,80)</td>
<td>[80,85)</td>
<td>[85,90)</td>
<td>[90,100]</td>
</tr>
</tbody>
</table>

This scale may be curved throughout the semester to be more lenient. Such a curve is at the discretion of the calculus coordinator and instructor.

LECTURE NOTES
The Mathematics Department is currently developing supplemental lecture notes for MTH 132 that are free for your use. Because these notes are new they may contain mistakes or unclear remarks. The first student to find and submit each mistake/correction will earn 1 point up to a maximum of 10 points. These points will be added to your final exam grade at the end of the semester. The validity of each submission (and the points awarded) are at the discretion of the notes’ creator.
