<td>Wed. 1:00 ~ 2:00</td>
</tr>
</tbody>
</table>

In addition to the set office hours you may email me to setup a separate appointment. You are encouraged to come to office hours.

SUPPLIES:

TEXTBOOK:  
Custom MSU MTH 133 Calculus II,  
Author: Stewart  

CALCULATOR:  
No calculators are required or allowed in this class.

WEBWORK HOMEWORK

WeBWorK Homework will be done online at http://math.msu.edu/webwork. There is a $41 WeBWorK fee that must be paid. Instructions for payment and payment due date are available on the WeBWorK website.

Homework assignments submitted up to 24 hours after the 100% deadline will be worth 75%. View the WeBWorK tutorial. Start working on WeBWorK homework for each section immediately after that section is covered. Submit your answers as you go along. The total of your WeBWorK scores will be scaled to 10% points of your final grade.

In addition to the WeBWorK homework there are two special WeBWorK assignments: The Gateway and the Prior to Drop Date Student Assessment. These two assignments are counted towards the 10%, similar to any other WeBWorK homework. However, these assignments are designed to help you determine if you should stay in MTH 133. The Gateway is open the first few weeks of class. The Prior to Drop Date Student Assessment is due just before the drop date with 100% refund.

QUIZZES AND EXAMS:

There will be 8 quizzes throughout the semester. Every week in which there is not an exam, we will have two quizzes — one in-class, and one take-home. The two lowest quiz scores will be dropped and the remaining will be scaled to 20% of your final grade.

Exams are scheduled for Friday June 5th and Friday June 19th. The exams will be during regular lecture time.

Grading: If you suspect a quiz or exam has been incorrectly graded please return it to your instructor the same day that you get it back. After this no grade changes can be made.

COMMON FINAL EXAM:

The Final Exam is scheduled for: Wednesday, July 1st, 10:20 am-12:10 pm.
The exam will be in the same classroom as regular lectures. All students are required to take the Common Final Exam. The university has strict requirements for exceptions. The dates for the exams are fixed. The final exam is cumulative. The exam will be closed book and closed note. Note that travel is not a sufficient excuse to have an exam scheduled on a different day.

COURSE GRADING:
Your course grade will be based on:

<table>
<thead>
<tr>
<th>Percent Decomposition</th>
<th>10%</th>
<th>20%</th>
<th>20%</th>
<th>20%</th>
<th>30%</th>
</tr>
</thead>
<tbody>
<tr>
<td>WeBWork</td>
<td></td>
<td>Exam 1</td>
<td>Exam 2</td>
<td>Quizzes</td>
<td>Final Exam</td>
</tr>
</tbody>
</table>

In addition, you must take the final examination in order to pass the course.

Final grades will be determined by:

<table>
<thead>
<tr>
<th>4.0 Grade</th>
<th>0.0</th>
<th>1.0</th>
<th>1.5</th>
<th>2.0</th>
<th>2.5</th>
<th>3.0</th>
<th>3.5</th>
<th>4.0</th>
</tr>
</thead>
<tbody>
<tr>
<td>% Grade</td>
<td>0.55</td>
<td>55.60</td>
<td>60.65</td>
<td>65.73</td>
<td>73.80</td>
<td>80.85</td>
<td>85.90</td>
<td>90.100</td>
</tr>
</tbody>
</table>

This scale may be curved throughout the semester to be more lenient. Such a curve is at the discretion of the calculus coordinator and instructor.
