We hope that all the boys of Troop 272 will join us at resident camp this summer at Northwoods for a week of sunshine, silliness, splashing in Lake Arrowhead, launching rockets, catching frogs and snakes, falling out of (and climbing back into) sailboats and canoes, making arrows, shooting skeet, learning the difference between a red oak and a white oak, hooking – and hopefully landing – a pike or bass, and enjoying that wonderful Northwoods Dining Hall food! We'll also sneak in some actual learning and advancement, but not be too obvious about it.
