RESPONDERS' COMMENTS FOR MTH 299 002 (SS17)

Question 16: Would you recommend this instructor to another student? Comments on your classroom experience, the instructor's teaching style, and course materials are very helpful.

- Always willing to help, and amazingly receptive to questions. She is never demeaning or rude. Also, generally pleasant and smiling while teaching.
- I really enjoyed having you as an instructor. I like that we do lots of examples and you are always available to help. As a course over all I feel like the homework can be a little long and I felt like I was rushing through it instead of actually sitting down and learning the things I was suppose to learn. I also feel like sometimes I would've liked to spend more time on certain topics but then the course would shift to an entirely new topic and wouldn't touch the last topic for awhile. As an instructor I really enjoyed having you and thank you for a great semester.
- I think Reshma's enthusiasm and willingness to help made her a very effective teacher in the class. I also feel the homeworks are essential in learning the material.
- I would not recommend
- I would recommend Reshma to students who like an instructor who will guide them through problems by relating the problem to overarching concepts and use those concepts to answer the question at hand
- Reshma is a very good instructor. She is patient and good at explaining problems from a lesser point of view. Reshma makes the classroom a very relaxed environment where it feels safe to ask questions.
- She is very smart and nice for students.
