

MTH 132 Fall Semester 2013, Section 040

Course Syllabus

Instructor Tsvetanka Sendova

Office C137 Wells Hall

Office Hours TTh 11:00 am - noon, MW 2:00 pm-3:00 pm and by appointment

E-mail tsendova@math.msu.edu

Text Thomas' Calculus, 12th Edition. It comes with just the chapters needed for this course in loose-leaf form suitable for putting in three ring binder. At \$20.00 it's a bargain!

Tests There will be three in class tests. Each worth 100 points. The dates are included in the Schedule. Any test missed without an authorized excuse will count as 0/100.

Quizzes There will be 10 quizzes given throughout the semester as indicated on the Schedule. Together they will equal 100 points with an adjustment made if one quiz is missed.

WeBWork Homework will be done on WeBWork at the site <http://math.msu.edu/webwork>. WeBWork homework due dates are in the Schedule. Homework assignments submitted up to 48 hours after the 100% deadline will be worth 75%. Your WeBWorK homework grade will count as 50 points. View the WeBWorK tutorial. Start working on WeBWorK homework for each section immediately after that section is covered. Submit your answers as you go along.

Help You can get help from me during office hours and from the Mathematics Learning Center (MLC). You can get complete information at <https://www1.math.msu.edu/mlc/>. Be sure you checkout the Neighborhoods link to find a satellite location close to you.

Gateway There are two Gateway Exams given during the semester. The beginning and end dates for each are listed in the Schedule as are the first attempt deadlines. Your performance on each of them will equal 25 points; 5 points if you attempt the exam but never pass it, 15 points if you pass it but after the first attempt deadline, and 25 points if you pass it before the first attempt deadline. Learn about the Gateway Exams at <https://www1.math.msu.edu/mlc/gateway.aspx>.

Final The uniform final will be given on Monday, December 9, 2013 at a location to be determined. It will be worth 200 points.

Grades Use the following scale to convert each test score to a grade.

90–100	85–89	80–84	73–79	65–72	60–64	55–59	0–54
4.0	3.5	3.0	2.5	2.0	1.5	1.0	0.0

The same scale will be used for the sum of your quiz scores and the combined WeBWorK and Gateway scores. With the final exam the total points possible is 700. Your grade will be based on your total points using a scale which combines the above scale and the final exam scale.

Computers No calculators or computers are allowed on tests or on the final exam.

Cell Phones Turn off your cell phone before coming into the classroom. During the tests, cell phones must be turned off and not on your person. If you bring one, it must be off and under your desk.

Cheating You may get help on your homework, but the solutions you submit through WeBWorK should be your own. Also the work you do on a test must be yours alone. Don't copy from others. You are on your honor to abide by these regulations.
