There will be about 10 Quizes (q), essentially one on each Tuesday except those weeks there is an exam scheduled or it is a holiday. Your two lowest quiz scores will be dropped. There will be no make-up quizzes; a missed quiz will count as one of the two scores to be dropped.

There will be three Hour Exams (h): The hour exams are given in recitation. Tentative dates: September 21, October 19 and November 23.

There will be a uniform Final Exam (f) taken by all MTH133 students. the final will count the same as two hour exams.

This gives a student six grades: q, h, h, h, f and f, 100 points each. Drop the lowest of these six grades and average the remaining five grades for your course grades.

There will be no make-up exams.

If your final point total is in the range below, you are guaranteed the corresponding grade:
