Policy For Missing a Required Assignment

- **WeBWorK**
 - No make-ups will be given for any WeBWorK assignments.

MATH 133, Sec061 – CALCULUS II, Fall16

v 8/28/2016

- No WeBWorK assignments will be dropped.
- It is your responsibility to complete assignments as early as possible to avoid potential incidents.
- In extreme situations such as: university sanctioned event, religious holidays, military obligation, or late add WeBWorK due dates may be extended. This is at the discretion of the instructor.
- **Quizzes**
 - Typically no make-ups will be given for quizzes. Wedding/sickness/work/death in the family/etc. are accounted for in the two dropped quizzes.
 - Exceptions to this rule include: university sanctioned events, religious holidays, military obligation, or late add. In these cases the instructor and student will work together to decide between a make-up quiz or to drop the quiz from the students grade calculation (whichever seems most appropriate for the situation).
- **Exams**
 - Typically a missed exam will be counted as a 0, including the final exam.
 - The exam dates and times have been displayed since the beginning of the semester, therefore excuses such as: work, travel, etc. are not valid reasons for missing the exam.
 - A make-up Exam is available the day after the exam, **7:15AM – 8:45AM, in B122 Wells Hall**. In order to be eligible for the make-up exam the student must provide documentation to the instructor no later than 1 week before the exam date. **Make-up requests with less than 1 weeks notice may be turned down.** Valid reasons to take the make-up include:
 - medical emergency,
 - university sanctioned event (including class at that time),
 - religious holidays,
 - military obligation,
 - or late add.
